2015	TNF Endurance Challenge Washington DC 50 Mile, USA	80.1 KM	1,100 M	9:13:52	35th · 33rd men

Record notes

Results reproduce the existing personal race archive; not every entry has an independently verified official result. Distances are in kilometres and elevation in metres. Times retain their recorded precision. DNF entries are retained; distance totals count kilometres actually covered, not the full course. Missing elevation is excluded. Training estimates are not included.

Swissman 2025: the swim distance is recorded as 3.4 km, pending confirmation. UTMB 2019 and UTX 2019 elevation covered is estimated in proportion to distance.
